## RUBIO MONOCOAT OIL PLUS 2C - COMP. A

### **1. Identification of the substance/preparation and of the company/undertaking**

Trade name : RUBIO MONOCOAT OIL PLUS 2C - COMP. A  
Name : RUBIO MONOCOAT OIL PLUS 2C - COMP. A  
Main use category : Professional use  
Consumer use  
Company/undertaking identification : Muylle Facon - Rubio Monocoat  
Ambachtenstraat 58  
8870 Izegem  
Belgium  
Tel.:+32 (0) 51 30 80 54  
Fax:+32 (0) 51 30 99 78  
E-mail: info@muyllefacon.be  
Website: www.muyllefacon.be  
Responsible : safety@muyllefacon.be

### **2. Hazards identification**

Not classified as dangerous according to the criteria of directive(s) 67/548/EEC and/or 1999/45/EC

R-phrases : -  
Fire hazard : Fire may liberate carbon oxides (CO) and smoke.

### **3. Composition/information on ingredients**

Not classified as dangerous according to the criteria of directive(s) 67/548/EEC and/or 1999/45/EC

### **4. First aid measures**

Symptoms/injuries after eye contact : None under normal use  
Symptoms/injuries after skin contact : None under normal use  
Symptoms/injuries after inhalation : None under normal use  
Symptoms/injuries after ingestion : May cause gastrointestinal irritation, nausea, vomiting and diarrhoea  
First-aid measures after inhalation : under the recommended handling conditions: not required  
First-aid measures after skin contact : under the recommended handling conditions: not required  
First-aid measures after eye contact : IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. - Take victim to an ophthalmologist if irritation persists  
First-aid measures after ingestion : In all cases of doubt, or when symptoms persist, seek medical attention

## **5. Fire fighting measures**

- Extinguishing agents - fire fighting instructions : hazy water, carbon dioxide (CO<sub>2</sub>), foam and powder
- Fire hazard : Fire may liberate carbon oxides (CO) and smoke.
- Reactivity : Keep away from oxidising agents and strongly alkaline and strongly acidic materials to prevent the possibility of exothermic reaction - Stable in use and storage conditions as recommended in item 7
- Personal protection (Emergency response) : Refer to chapter 8.
- Other information : Use water moderately and if possible collect or contain it

## **6. Accidental release measures**

- Personal protection (Emergency response) : Refer to chapter 8.
- Handling the product : No personal breathing protective equipment is normally required
- Disposal : Collect spillage. - Disposal must be done according to official regulations.
- Methods for cleaning : Shovel into suitable and closed container for disposal

## **7. Handling and storage**

- Handling the product : No personal breathing protective equipment is normally required
- Storage area : Store in a well-ventilated place. Keep container tightly closed.

## **8. Exposure controls / Personal protection equipment**

- Handling the product : No personal breathing protective equipment is normally required

## **9. Physical and chemical properties**

- Physical state : Liquid
- Odour : Oily
- Flash point : > 99 °C
- Density : > 0,9 kg/l
- VOC content : 0 g/l

All properties are determined in accordance with the specifications laid down in the Commission Regulation on testing methods referred to in Article 13(3) or any other comparable method.

## **10. Stability and reactivity**

- Conditions to avoid : Keep away from heat/sparks/open flames/hot surfaces. — No smoking.
- Reactivity : Keep away from oxidising agents and strongly alkaline and strongly acidic materials to prevent the possibility of exothermic reaction. Stable in use and storage conditions as recommended in item 7
- Hazardous decomposition products : Fire may liberate carbon oxides (CO) and smoke.

## **11. Toxicological information**

Symptoms/injuries after skin contact	: None under normal use
Symptoms/injuries after inhalation	: None under normal use
Symptoms/injuries after ingestion	: May cause gastrointestinal irritation, nausea, vomiting and diarrhoea
Symptoms/injuries after eye contact	: None under normal use

## **12. Ecological information**

Ecology - general	: The product does not have any adverse effects on the aquatic organisms
-------------------	--

## **13. Disposal considerations**

Ecology - general	: The product does not have any adverse effects on the aquatic organisms
Disposal	: Collect spillage. - Disposal must be done according to official regulations.

## **14. Transport information**

Transport regulations (ADR)	: Not applicable
Transport regulations (IMDG)	: Not applicable
Transport regulations (ICAO)	: Not applicable

## **15. Regulatory information**

Label name	: Rubio Monocoat Oil Plus 2C - comp. A
Information about Chemical Safety Assessment is public domain	

R-phrases : -

Not classified as dangerous according to the criteria of directive(s) 67/548/EEC and/or 1999/45/EC

S-phrases : S2 - Keep out of the reach of children.

Not classified as dangerous according to the criteria of directive(s) 67/548/EEC and/or 1999/45/EC

## **16. Other information**

### **R-Phrases components**

Version	: 2.1
Revision date	: 17/06/2011

MSDS: according to EC directive 2001/58/EC and the REACH regulation 1907/2006 Annex II
