# KÄHRS LIFE

A BEAUTIFUL WOOD FLOOR  
EASY TO LOVE. HARD TO DAMAGE.

KÄHRS LIFE.  
THE ONE THING YOU DON'T HAVE  
TO WORRY ABOUT IS THE FLOOR.

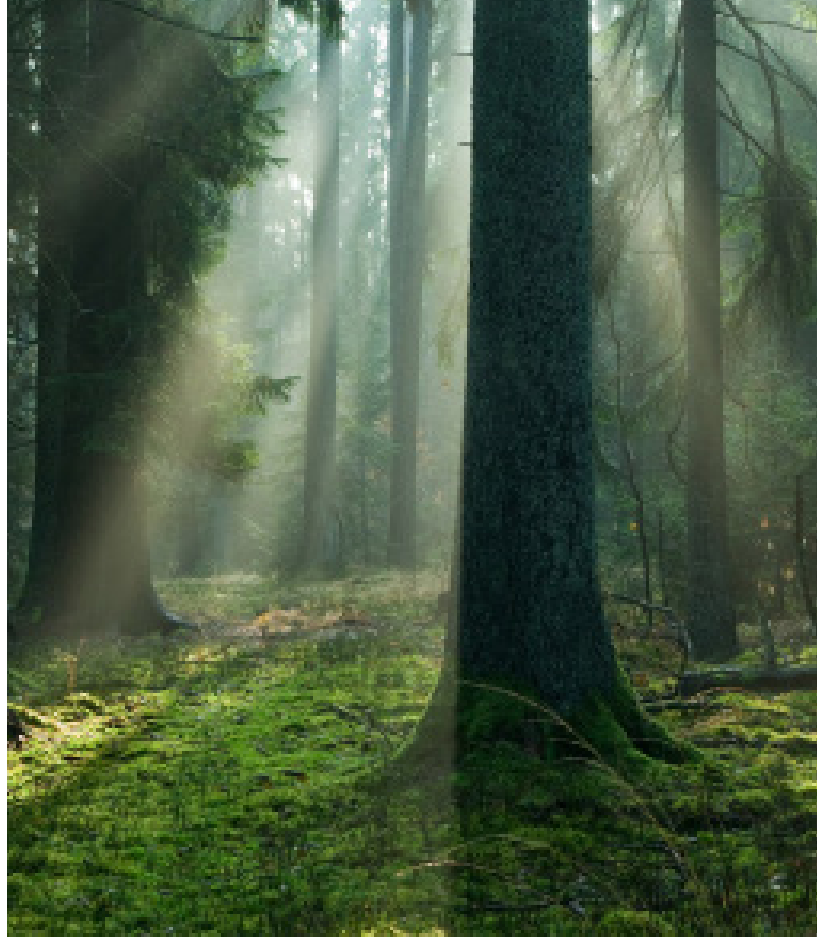

## A NEW TYPE OF HARDWOOD FLOOR

We have been working with wood for more than 160 years, driven by a passion to turn the natural beauty of wood into beautiful and sustainable floors. This passion has led Kährs to become a global market leader in wood floor manufacturing. Seeing the need for a hardwood floor with more durable properties, we applied all our knowledge and expert craftsmanship to create a new type of hardwood floor. Now, we are proud to introduce Kährs Life. A real wood floor, made to last.

## A GROWING RESOURCE

A sustainable forest supply is important, for both today and for future generations. In Sweden, where we source most of our raw material for our wood flooring, more than 70% of the landscape is covered by forest. The amount of trees has doubled over the last 100 years, due to the fact that in Sweden, more trees are planted than are harvested.

## THE COMFORT OF WOOD

On cold days, wood floors keep your feet warm, and on hot days, wood floors keep your feet cool – all thanks to its natural structure. Wood was designed by nature to be a great insulator, with thousands of air chambers per cubic inch. In fact, wood offers seven times better insulation than ceramic tiles and provides more warmth than plastic laminates.

## THE POWER OF WOOD

Wood has the power to create warmth and atmosphere like no other flooring material. For example, it can soften a minimalistic interior, or add richness to a classic design. Choosing a bright floor reflects the light and creates a feeling of openness, while choosing a dark floor can make the space feel warm and cozy. Your choice of flooring will change the whole impression of the interior – let us show you how.

# A BEAUTIFUL HARDWOOD FLOOR. EASY TO LOVE. HARD TO DAMAGE.

Kahrs Life combines aesthetics and function to create the perfect balance between the natural beauty of wood and the practical needs of life. The Life Collection is for anyone who wants a beautiful, durable floor ready for everyday life including kids and pets, active lifestyles and other daily challenges. Life is made to withstand everyday wear and tear and comes in many colors and formats to suit your style.

## REAL LIFE

Kährs Life is a hardwood floor that is easy to love but hard to damage. A matte finish of the highest standard preserves the natural wood feel and provides outstanding performance. Life passes the tests for Heavy Commercial Use, i.e. Class 33 – the highest standard for a veneer floor. With best-in-class wear and impact resistance, it is made to withstand everyday life.

## REAL COMFORT

Kährs Life stays stable through variations in humidity and temperature. It can be installed over radiant heat, by large windows and even close to a fireplace. Kährs Life is a real wood floor with a comfortable feeling, or as we like to say – a barefoot friendly floor.

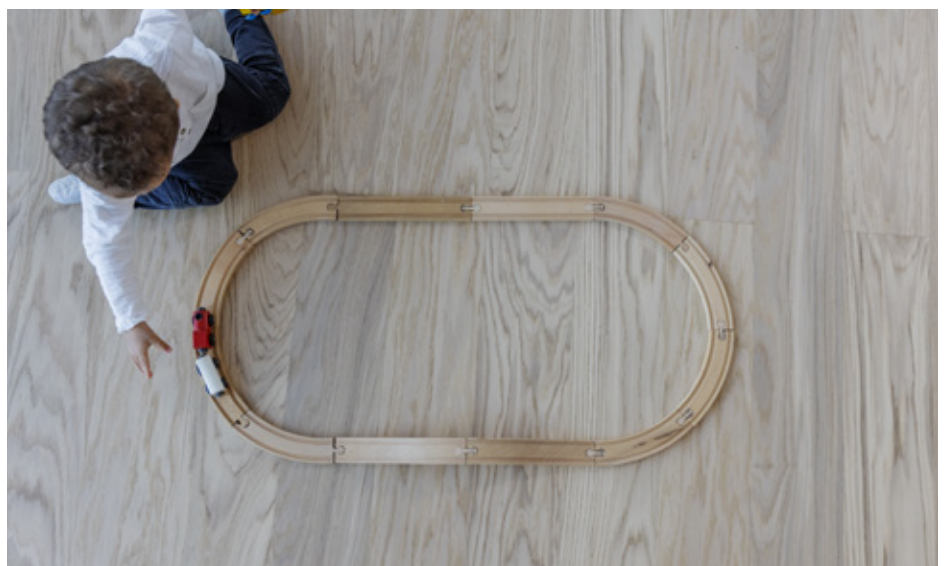

## EASY RENOVATION

Kährs Life is perfect for renovation. It can be installed on top of existing floors, when Kährs installation requirements are met. With a total thickness of only 7 mm, it fits easily with most existing thresholds and doors, saving you time and money when renovating. It's fast and easy to install with the 5G joint, and it's easy to handle thanks to the lightweight and manageable size.

## REAL WOOD

Kährs Life is made from the finest selection of wood. It is available in eight stained oak products as well as two natural choices in oak and walnut. Kährs Life is a wooden floor that does not require sanding thanks to its durable construction. Life has a 15 year wear warranty.

## “WORRY-FREE” LIGHT FLOORS

Not far from the coast, this charming country house sits surrounded by a forest full of old oak trees. The sunlight gently filters through the treetops, creating silhouettes both outdoors and indoors. This family chose to install Coconut Cream, a light wood floor from the Life Collection. They live an active life including mountain biking, hiking, and gardening, consistently bringing the outdoors to meet the indoors and putting high demands on the floors. They chose Kährs Life due to its authenticity as a hardwood floor enhanced with outstanding construction.

# “NO-PROBLEM” NATURAL FLOOR

This old house has been gently but completely renovated, providing a fresh interior while preserving its authentic look and feel. The home is located on top of a hill with an amazing view of golden grain fields and the ocean just behind. The spacious areas and large sliding glass doors lead out to the garden, eliminating the border between the indoor and outdoor spaces. The natural wood floors – chosen in a soft beige tone – reinforce the feeling of being close to the sea and sandy beaches. With so much surrounding nature, it’s lucky that the floor is made to survive everyday life, day after day.

## “NO-CONCERN” GRAY FLOORS

This suburban home sits in a cul-de-sac, providing a secluded and safe haven for this family with three small children. During the process of building their new house, picking the floor was one of the most important decisions for the family. They wanted a wooden floor that did not require sanding, needed minimal upkeep, and offered great durability. Considering all these factors, they chose Kährs Life: a floor that withstands the daily challenges of wear and tear. They instantly fell in love with the grayscale color selection within the collection. The family chose to mix different tones throughout the home, introducing a unique feel in every space while keeping a cohesive theme throughout the house. Their final choices included warm brown Butterscotch, silver-grey Driftwood, soft Earl Grey, and dark – yet warm – Faded Black.

DRIFTWOOD WIDE

## “NO-PANIC” DARK FLOORS

In this townhome lives a one-child, two-dog family. Located in the city center with a private garden, the large glass doors connect the indoor with the outdoor spaces. In the kitchen, an accent wall is painted with a rich green tone that hearkens the feeling of deep forests. Featuring a selection of oak and walnut floors from the Kährs Life Collection, the dark tones match the style of the house perfectly and create a warm, cozy, dramatic look in the home. With its warmth and liveliness, the walnut adds to the homey feeling. The choice was easy for this family, as the Kährs Life floors ticked all their boxes: a beautiful, durable wood floor at an affordable price.

## LIFE COLLECTION

Kährs Life is a new addition to our collection of hardwood floors. Life is a durable wood floor, constructed to withstand the rigors of everyday life. The Life Collection includes ten colors, and each color is available in three formats: two plank formats – wide and narrow, plus a two-strip alternative.

These authentic wood floors have a calm and natural look and feel due to the combination of matte finish and clean grading. The wide and narrow formats are micro-beveled, bringing a special character to the floors.

Please note, all products may not be available in all markets. Contact your local retailer for information.

# KÄHRS LIFE BELOW THE SURFACE

## MATTE FINISH

The innovative finish makes Life resistant to wear and tear. Life is suitable for "Heavy Commercial Use" (Class 33). The finish makes Life dirt resistant and provides a surface that is easy to clean, since the dirt is prevented from penetrating the finish.

## 5G JOINT

Life comes with the 5G joint which makes installation fast and easy without the use of tools.

## HDF

Kährs Life features a high quality HDF core, providing a stable floor that lasts through variations in humidity and temperature, with good dent and impact resistance.

## IMPROVED WATER RESISTANCE

Life's innovative finish delays the penetration of water through the pores and grain of the wood, giving you plenty of time to wipe up spills.

WIDE PLANK 71 1/4" X 5 7/8" X 7 MM

NARROW PLANK 48 1/4" X 4 5/8" X 7 MM

2-STRIP 48 1/4" X 7 5/8" X 7 MM

Please note, all products may not be available in all markets. Contact your local retailer for information.

## IMPACT SOUND REDUCTION

Looking to reduce sound? Check with your local Kährs Representative to find out which underlayment works best for your installation.

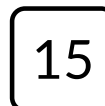

## UNDERFLOOR HEATING

Life is suited for installation over radiant heat as long as the installation requirements are fulfilled. The high quality HDF core allows Life to remain stable during variations in temperatures and humidity.

## PERFECT FOR RENOVATION

Planning to renovate? Life fits with most existing doors and thresholds, making your life easier. Floating or glued down? That's up to you. Either installation method is possible and can even be installed on top of an existing floor as long as the installation requirements are fulfilled.

## 15 YEAR WARRANTY

With the Life Collection's 15 year warranty, you won't have to worry about the floor. Read more on Kahrs.com
